

Mipa 2K-Express-Klarlack CX 11

Quick success

Mipa 2K-Express-Klarlack CX 11 is a low viscosity clearcoat for a quick and efficient finish (Express technology) without oven drying.

- extremely fast drying
- very fast curing already at room temperature (20 °C)
- particularly suitable for partial car coating and spot repair
- resistant to environmental and weather conditions and yellowing
- very good scratch resistance
